SPOTLIGHT:

CURRICULUM INTEGRATION

STRATEGIC PLANNING

Examine the big picture, set realistic long-term goals, and communicate a process with your school community.

CURRICULUM REVIEW

Reflect on standards, compare vertical alignment, pace progress through a scope and sequence, and dive deeper through unit planning.

ASSESSMENT DESIGN

Differentiate between formative and summative assessments, align assessments to school and grade-level goals, create materials that are user-friendly for all stakeholders.

INSTRUCTIONAL COACHING

Make choices within curriculum materials, realize a vision for student engagement, incorporate research-based methods into everyday practice.

*Your consultation is such high quality:
a marvelous exemplar for coaching,
rich with resources and feedback, articulate and precise.*

S. McKenna, School Leader
